

Sponsorship Prospectus

2024

January 2024

Inspiring Collaboration.
Leading Innovation.
Making a Difference.

Inspiring Collaboration. Leading Innovation. Making a Difference.

We are the AFDO/RAPS Healthcare Products Collaborative—and we invite you to partner with us to make that difference.

The AFDO/RAPS Healthcare Products Collaborative is a joint venture established in 2022 between the Association of Food and Drug Officials (AFDO) and the Regulatory Affairs Professionals Society (RAPS).

Continuing and expanding upon Xavier Health's legacy, the Collaborative supports idea sharing, innovation, and action across the global healthcare products community by fostering purpose-driven discussions among regulators, industry, academia, and thought leaders about the most pressing issues facing the industry.

Our distinct events portfolio—which includes the MedCon Conference, AI Summit, Combination Products Summit, and PharmaLink Conference—highlights just one of the ways we inspire collaboration. This unique blend of mission and values guides purpose-driven community building and innovative solutions to make a difference in patients' lives.

Your sponsorship secures the ability of this vital collaboration to continue reshaping public health. Additionally, all financial support received is used to offset direct expenses incurred by the AFDO/RAPS Healthcare Products Collaborative to host this work. Without your sponsorship, this community would not be possible.

Thank you for your support!

MEDCON

CONFERENCE
COLUMBUS, OH • APRIL 24-26, 2024
CO-SPONSORED BY THE FDA

THE PREMIER MEDICAL DEVICE CONFERENCE DRIVING THE SPEED OF INNOVATION

Since 2009, MedCon has united the healthcare products industry to work for a better tomorrow for our patients. With a distinct focus on important issues that increase speed to market and product quality through innovation, the event brings together medical device regulators and industry experts from around the world for content-rich conference sessions that include uncommon collaboration, deep dialogue, and sharing.

MedCon 2023 by the Numbers

300+ participants

quality of speakers

ability to connect with regulators

provided essential connections, information, education, and resources to do my job

"must attend" event

good investment for my time and resources

93%

of attendees want to find new collaboration partners

MedCon 2024 is hosted by AFDO/RAPS Healthcare Products Collaborative and co-sponsored by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services.

We are thrilled to convene this April in Columbus for four exciting days! Join us to experience:

- Full-day preconference workshop (April 23; separate registration required) and two-and-a half-day, in-depth conference (April 24–26)
- Paradigm-shifting dialogue leading to practical solutions that can be implemented immediately
- Proactive and predictive methods to protect products, businesses, and patients
- Cross-functional insights that foster critical alignment and collaboration across organizations

"I can't think of any other event where you can talk face-to-face with FDA and ask them specific questions about different laws and areas they regulate. Definitely one of the best reasons to attend MedCon!"

Ashleigh Rickey, Director of Quality Assurance, Hardy Diagnostics

“MedCon 2023 was full of topics and ideas relevant to our company and products. I came away with several actions to begin sharing within my company. I was able to speak with FDA attendees one-on-one to ask questions pertinent to our business.”

Ann Gill , Quality Engineer – Regulatory, Norwood Medical

AI Summit 2024 is hosted by the AFDO/RAPS Healthcare Products Collaborative.

We are excited to convene this November in Cincinnati for three exciting days. Join us to experience:

- Two day, in-depth Conference (November 13-14), with an integrated workshop
- Interactive sessions that create a behind-the-scenes experience into how AI is being used in pharma, biopharma, and medical devices
- Open discussions to identify and overcome hurdles, implement solutions, and pave a path forward for the betterment of patient care through our use of AI
- Collaboration with thought-leaders, industry experts, and officials from the U.S. Food and Drug Administration to build trust in AI systems and between AI stakeholders
- Participation with our AI working teams and providing input regarding their projects, deliverables, and upcoming research
- Best practices, use cases, lessons learned, and actionable solutions to advance the industry

A CONFERENCE WITH PARADIGM-SHIFTING DIALOGUE THAT FORGES SOLUTIONS FOR STAYING AHEAD

Since 2010, PharmaLink has united global regulators and industry thought leaders to focus on innovation and advancement across the pharmaceutical community. Working together, conference attendees seek to find solutions that will increase confidence in product quality throughout product life cycles and global supply chains.

By cultivating an open, interactive forum, PharmaLink addresses complex challenges with scientifically sound, defensible, and unbiased forums and training. The event aligns with the strategic priorities of the FDA and industry to help participants create network links that drive compliant innovations. The solutions might not be evident within our companies or our industry, so we explore beyond our industry – beyond borders and beyond comfort zones.

Don't miss this opportunity to join your colleagues and global regulators from around the world so you can make a meaningful difference for your organization, our industry, and most importantly, patients.

PharmaLink 2024 will convene virtually and is hosted by the AFDO/RAPS Healthcare Products Collaborative.
